

## Brooks Crew

### Racing at Brooks School: Directions, Parking and Parent Logistics

---

Racing Address: 1160 Great Pond Road, North Andover MA. Follow directions below.

- **Trailers:** Follow directions above. Once you pull onto the gravel road to the Boathouse, you should leave the road into the field on the right after the bathroom facility and hedges. Skirt the edge of the mowed area, pulling into the flat area near the Brooks trailer. Rig there. Depart onto gravel road. Note that we hope crews will walk their boats around BH to the right, and return up the steep hill.
- **Student Transport:** Follow the directions above but deposit athletes before turning left, continuing to bus parking as instructed. The bathroom facility is on the road to the boathouse.
- **Spectators:** Follow the instructions above and take guidance from parking/ security attendants. **There is no parking at the boathouse.** Tents and other heavy equipment should be brought on the trailer if possible. A quick drop off is allowed but not even temporary parking is available anywhere along the road to the boathouse. **We appreciate your cooperation.**
- **Tents:** Tents may be set up, ideally by trailers. The area immediately in front of the boathouse is tempting but must stay clear for launching and returning shells. Parents and crews are welcome to spectate from the covered boathouse deck.
